Dear Madam:

Responsive to the Office Action mailed December 9, 2008, Applicant requests reconsideration of this application. To further the prosecution of the application, an election has been made.

Claims 1-49 are currently pending in this application. In the Office Action, the Examiner required that this application be restricted to the following inventions:

Group I: Claims 1-5, 9-49, include the special technical feature of forming an open tip in the tubular carbon molecule and inserting a desired material after the growing step and a height equalization step; and

Group II: Claims 1-2, 6-8, 12-24, 28-43, 47-49, include the special technical feature of including a desired material in a tip of the tubular carbon molecule in the growing step.
